ois Constitution Can Be Written

The blue ballot in the Nov. 5 election presents a simple choice: "For the calling of a constitutional convention — Yes or No." But the outcome could and probably will have far-reaching effects on every Illinoisan. All who go to the polls should make sure that they mark his special ballot.

Our attitude is sunnaized by the formal stand taken by the legislature: "A convention by the legislature: "A convention to the constitution of this state." The convention is not only necessary as a procedural requirement, but badly needed in order to modernize our state government and the county and local taxing agencies it has created or permitted to be created. agencies it has created or permitted to be created.

Three central points which should be kept in mind are:

1. Proposed changes in all or part of the present century-old constitution would be written by delegates chosen by the voting public.

2. The revisions would go into effect only if they were good enough to earn public approaches.

3. Calling of the convention hinges on a "Yea" vote by a majority of all who vote Nov.

5. The blue ballot should not be discarded or left blank, because this in effect would count as a negative vote.
